

## George\_Lincoln\_Rockwell\_Canadian\_Interview.mp3

Total recording length: 00:09:42. Transcribed by Johann Rhein, March 2024, for the American Nazi Party

*Interviewer:* { 0:00 }

Commander George Lincoln Rockwell, you are head of the American Nazi Party.

*Commander Rockwell:* { 0:06 }

Yes, Sir.

*Interviewer:* { 0:07 }

How can you possibly justify leading an organization whose objectives are the liquidation of the Jews, the removal of the Negroes to Africa, and the turning of the United States into a fascist state?

*Commander Rockwell:* { 0:19 }

Well, I don't know where you got those supposed objectives, but they're ridiculous. We have no such objectives. As you have said, we are not out to liquidate the Jews. We are out to liquidate communist traitors. Unfortunately, too many Jewish atheists, not religious Jews, but too many religious atheist Jews are mixed up in communism. That's our only concern with the Jews, and that's for turning this into a fascist nation. That's untrue too. Fascism is essentially an economic doctrine that has to do with a corporate state. We don't believe in a corporate state. We believe in free enterprise. What we are is Nazis, which means basically that we are racists. We believe in preserving a white nation, a white Christian nation, for the white Christian people who built it.

*Interviewer:* { 1:00 }

Well, now let's deal with the Jews first and the Negroes secondary. Are you happy with that order?

*Commander Rockwell:* { 1:06 }

Anyway, you want to deal with them?

*Interviewer:* { 1:08 }

How would you deal with them?

*Commander Rockwell:* { 1:09 }

I think we'll deal with them simultaneously when we get our chance.

*Interviewer:* { 1:12 }

How do you mean?

*Commander Rockwell:* { 1:13 }

Well, I think that the Negroes, who have done nothing wrong in my opinion, except recently, but they did no wrong by coming here, we dragged them here and I think we owe them something. I think we owe them a chance in their own nation in Africa.

*Interviewer:* { 1:24 }

Then you do intend to deport the Negroes to Africa?

*Commander Rockwell:* { 1:26 }

You keep saying these things, sir, not me.

Not deport them. Those who wish to may remain here on reservations like the Indians were. Those who will of their own volition accept our help will be aided to go over to Africa and build their own nation as our ancestors, and yours, I might say, came over here and did an America.

*Interviewer:* { 1:46 }

Now the Jews, you say about 80% of them, are communists and traitors.

*Commander Rockwell:* { 1:50 }

You keep adding this stuff. I don't know. Whether it's 80%, I don't know whether it's 80 percent...

*Interviewer:* { 1:53 }

Commander, what percentage would you estimate?

*Commander Rockwell:* { 1:55 }

My estimate has been regularly about 80%, based on the number of traitors who have been convicted in this country and your country and England and other countries.

*Interviewer:* { 2:03 }

What do you intend to do to those Jews who you believe are communists or traitors?

*Commander Rockwell:* { 2:07 }

The constitution provides that. The Constitution of the United States as written by the Founding Fathers, says death is the penalty for treason. I believe that. That's the only way to deal with a traitor. I think they should be placed before American juries and American courts of law, federal courts, and if they're convicted by a law of treason, I think they should be executed.

*Interviewer:* { 2:25 }

What's your view on the way that Hitler dealt with the Jews in Germany?

*Commander Rockwell:* { 2:28 }

I think Hitler dealt with the Jews of Germany the same way he dealt with all traitors, the same way we will. I think he has been lied about more than any human being in history except Jesus Christ.

*Interviewer:* { 2:40 }

Do you in fact accept what has been established by many reputable...?

*Commander Rockwell:* { 2:45 }

Are you still claiming about the six million dead Jews?

*Interviewer:* { 2:48 }

That's just what I'm coming up to. I'm going to put do you or do you not?

*Commander Rockwell* {2:52}

Well, let me tell you...

*Interviewer* {2:54}

Accept the fact that 6,000,000 Jews were exterminated by Hitler.

*Commander Rockwell:* { 2:56 }

Of course not. I have incontrovertible documentary proof that that's not true. I don't know how many Jews there were in Germany. I think I heard there were 600,000. And if the percentage is anything like I think it's over here, I don't think they were exterminated, but I would imagine probably as many as 500,000 probably had to be dealt with as traitors according to law as they will be here.

*Interviewer:* { 3:17 }

Well then, if 500,000 Jews or thereabouts, in your view, and this is about 1/12th of the estimate which is accepted by everybody else, if 500,000 were exterminated.

*Commander Rockwell:* { 3:28 }

Wait, wait a minute. Did we exterminate the Rosenberg? Sir, Do you call that exterminating them?

*Interviewer:* { 3:32 }

Well, now wait a minute, Commander. You know that it has been thoroughly established by all the courts which have looked into the question, by the governments of the United States, of Great Britain, of the Soviet Union, which have looked into the question.

*Commander Rockwell:* { 3:44 }

And you believe in the Soviet Union, sir?

*Interviewer:* { 3:45 }

But in fact there were extermination of camps.

*Commander Rockwell:* { 3:48 }

You believe what the Soviet Union... Let's stop now right there. How about that Soviet Union? They sat on the International Court of Justice at Nuremberg. Do you believe in the Soviet justice?

*Interviewer:* { 3:57 }

Do you disbelieve in the evidence accumulated by your own government of the United States and by the government of Britain as well as the Soviet Union accumulated?

*Commander Rockwell:* { 4:04 }

I believe the FBI [garbled], Sir. But the FBI has not accumulated that. The people that accumulated that so-called evidence were mostly Jewish army officers. Who I believe we're not working for the United States. They're working for Israel and Russia and the Soviets.

*Interviewer:* { 4:17 }

Do you model yourself on Hitler?

*Commander Rockwell:* { 4:19 }

It's impossible. I look upon Hitler. If I were religious, I would say Hitler was the second coming of Christ. I think Hitler was a gift from Providence. I think he was so far above anything that I'll be able to accomplish that it's just almost sacrilegious for me to to speak of myself in the same terms with Hitler.

*Interviewer:* { 4:36 }

But this is your objective, to model yourself as closely as possible.

*Commander Rockwell:* { 4:39 }

No. My objective is to carry out what Hitler started, not to model my own person on Hitler, because this is impossible.

*Interviewer:* { 4:45 }

Do you consider yourself the second Fuhrer?

*Commander Rockwell:* { 4:47 }

No I don't even use the word Fuhrer. I'm not a German. I'm an American. As you're a Canadian. I consider myself in terms of Bolshevism.

I would be the Lenin to to Marx, and in terms of Christianity I'm the Saint Paul to Hitler's Christ. In other words, I am the spreader, the world spreader of a doctrine which Hitler originated and it was crucified, dead and buried and it is now rising. { 4:55 }

*Interviewer:* {5:14}

Are you a Superman Commander?

*Commander Rockwell:* {5:16}

I'm not a Superman. No. There's probably people here could whip me. I think that all I am is and the offspring of millions of years of evolution which has produced white Christian civilization. I am one example of it, not a Superman, but I think that compared to an aborigine in Africa who eats his grandmother and they're still eating people over there. I think I am, so are you, we're all Superman compared to those Cruds.

*Interviewer:* {5:40}

Didn't Adolf Hitler believe in Superman?

*Commander Rockwell:* {5:41}

He said the white race is a master race, and I think that's true.

*Interviewer:* { 5:43 }

I would like to turn you to the question of the American Negro.

*Commander Rockwell:* { 5:47 }

Now that's... Let's go. We got a little more sympathy there. People don't know about the Jews, but they can sure see coons.

*Interviewer:* { 5:54 }

Just what, indeed, do you plan to do with the American Negro?

*Commander Rockwell:* { 5:58 }

I think what should have been done, it's too late now. I used to back the Muslims because the Muslims cleaned their people up. They wanted a country of their own in Africa. This is what Elijah Muhammad said. I spoke before 9,000 black Muslims in Chicago and I was cheered. And the reason for it was because we were, we saw eye to eye on the business of giving the Negroes some justice in their own land, not here.

*Interviewer:* { 6:22 }

Do you, Commander, do you favor the use of violence in dealing with the Negroes?

*Commander Rockwell:* { 6:26 }

If the the Negroes show us any violence, I sure as hell do. But so long as they they remain within the law, I believe it can be done voluntarily, not by violence. I believe the only way it could have been solved — I think it's too late now— but I think it could have been solved by appropriating some of the billions of dollars we give away to communist nations and foreign aid. If we had given that to our own Negroes, I believe we could have built them their own nation and they would voluntarily have been eager to go there. [garbled, speaking over each other] of course, you people up in Canada. I don't think you have any cool running around up there, do you?

*Interviewer:* { 6:58 }

Well, Commander, I wouldn't like to go into a description of what you might describe as a Coon, unless you'd like to.

*Commander Rockwell:* { 7:07 }

Well, a Martin Luther Coon is a good example, I would say. I will say this. If I had the funds to do it and I could ship 5,000 Negroes, let us call them up to your city tomorrow morning. You'd have a Negro problem, and it wouldn't be long before you'd be saying, well, now, what are we gonna do about this thing?

*Interviewer:* {7:23}

You send them up with the cattle cars or Greyhound buses, Commander?

*Commander Rockwell:* {7:24}

Well, I think the Negroes would be more comfortable, most of them, in the cattle car.

*Interviewer:* {7:28}

Yes, but I just wondered which way you'd rather see them go.

*Commander Rockwell:* {7:31}

Well, I think the Negroes themselves would prefer to go the way they live. I think they'd like to get a couple of wine bottles and their heroin and their numbers game and every get in the cattle car where they all crawl all over each other.

*Interviewer:* { 7:39 }

Commander, that's not a very good description of the Negroes we have in Canada.

*Commander Rockwell:* { 7:43 }

Negroes simply are not fit to associate in modern urban civilization. They just can't make it. A few can. There are a few— who are always mixed with white blood, by the way— but real black Negroes? You won't find very many of them who can make the grade in urban civilization.

*Interviewer:* { 7:58 }

Well, would you say then that there is no Negro who is really in the same same league with *Commander Rockwell*?

*Commander Rockwell:* { 8:06 }

No, Sir, I would not. There may be some Negroes who are superior to me, but I would say that the chances are 99 out of 100 that they've got a lot of white blood like Malcolm X. And I would further say that the average Negro is far inferior to any anybody in here. The average Negro, not this special Negro that you might trot out that's a PhD. But the average Negro? You go over here on 7th avenue and I'll show you thousands of them that are inferior swine.

*Interviewer:* { 8:32 }

Commander, your views on Negroes strike me as being viciously extreme. They're You disagree with that characterization?

*Commander Rockwell:* { 8:39 }

No, Sir. They're not vicious, but they're extreme?

*Interviewer:* { 8:42 }

Mmm. How do you feel about the allegations that the American Nazi Party has strong homosexual tendencies?

*Commander Rockwell:* { 8:48 }

I will say this. In my organization I have men who were homosexuals. They were sucked into that filth, just like drunkards or dope friends, and I have been able to rescue them. And I'm not a bit ashamed of that.

I'll stand shoulder to shoulder with any one of them on any day. The only thing I will not tolerate is a homosexual who is a homosexual.

*Interviewer:* { 9:07 }

This is one of your enemies.

*Commander Rockwell:* { 9:09 }

That's one of the biggest enemies. I'd rather gas queers than anybody else.

*Interviewer:* { 9:11 }

Have you got operatives inside the government?

*Commander Rockwell:* { 9:13 }

Yes, Sir.

*Interviewer:* { 9:15 }

In Congress?

*Commander Rockwell:* { 9:18 }

Yes.

*Interviewer:* { 9:18 }

In the Government of Canada.

*Commander Rockwell:* { 9:19 }

I don't know of any of the Government of Canada.

*Interviewer:* { 9:22 }

Who else would you like to gas besides queers?

*Commander Rockwell:* { 9:24 }

Well, I'd like to gas traitors, I've already told you. But queers to me, queers are traitors to humanity as a whole.

*Interviewer:* { 9:32 }

I just wondered if it was a long list of people you'd like to guess.

*Commander Rockwell:* { 9:35 }

You put queers up at the top of the list for my money and that includes a lot of Jews and liberals, I find, are also queers. --- End of transcript ---
